### Feedback Analysis

Being an affiliated college we follow the university curriculum. Two faculty members of the college are on BOS of the affiliating university. The college contributes toward curriculum design and development through the BOS members and other faculties who actively participate in syllabus restructuring workshops. The College has designed online feedback system on curriculum. Each year the college collects feedback from students, teachers and parents in online mode and from employers in offline mode. The institution uses the feedback obtained from the stake holders to suggest improvements in the curriculum prescribed by the university. An online/Offline Students' feedback regarding the curriculum, Institution and Teachers is taken in the prescribed format.

### Feedback on Curriculum

#### Student's feedback on Curriculum:

##### Mathematics

Approximate 77.3% students stated that the depth of the course content is adequate in relation to the expected course outcomes. Approximate 72.7% students responded that the syllabus of the subject is career oriented. 77.3 % the objectives stated and relevance to the course content. 72.7% students are satisfied with the internal evaluation system as it exists regarding syllabus. 77.3% students states that the courses in terms of extra learning or self learning considering the design of the courses. 77.2% students states that the course/syllabus has good balance between theory and application. 81.8% students states that course/syllabus of this subject increased my knowledge and perspective in the subject area. 72.7 students are satisfied with the size of syllabus in terms of load on the student. 86.4% students gives the overall rating for this curriculum is good.

##### Physics

74.3 % students stated that the depth of the course content is adequate in relation to the expected course outcomes whereas 25.7 % students have given average response. Approximate 65.7 % students responded that the syllabus of the subject is career oriented whereas 34.3% students responded average satisfaction level. 77.7 students are strongly agree that the objectives stated and relevance to the course content. 70% the internal evaluation system as it exists regarding

syllabus is satisfied. 80% students are satisfied with the evaluation scheme designed for each of the course. 71.4 students are strongly agree, the course/syllabus has good balance between theory and application. 78.6 % student's opinion is that the course/syllabus of this subject increased my knowledge and perspective in the subject area. The size of syllabus in terms of load on the student is 70%.10. 77.1% students furnish overall rating given by you for this curriculum is fine.

### **Chemistry**

74 % of students of chemistry department say that the depth of the course content is adequate in relation to the expected Course Outcomes. 67% students believe that the syllabus is career oriented. 76.7 % students consider that the objectives stated and relevance to the course content. 79.5% students said that the evaluation scheme designed for this the course is very good. More than 75% students believe that the courses in terms of extra learning or self learning considering the design of the courses is excellent. The syllabus has good balance between theory and application said by 71.2% students. 78.3% student's faith that the course/syllabus of this subject increased knowledge and perspective in the subject area. 72.1 students strongly agree that the size of syllabus in terms of load on the student is satisfied. 76.7 students's gives excellent rating to overall syllabus.

### **Botany**

From the feedback taken from the students, it is observed that approximate 75% students reported that the depth of the course content is adequate to the expected course outcomes. Approximate 69.6% students responded that the syllabus of the subject is career oriented. The objectives stated and relevance to the course content are excellent said by 78.6% students. The internal as well as external (University exam) the evaluation scheme designed for the course is excellent. 76.8% students said that the courses in terms of extra learning or self learning considering the design of the courses is very good. According to 69.6% students the course / syllabus has good balance between theory and application. 78.6 % students consider that the course/syllabus of this subject increased their knowledge and perspective in the subject area. 73.2% students said that the size of syllabus in terms of load on the student is good. 75% students give excellent grade for overall rating for this curriculum.

### **Zoology**

Approximate 72.5 % students stated that the depth of the course content is adequate in relation to the expected course outcomes. Approximate 70.6% students responded that the syllabus of the subject is career oriented. 76.5 % the objectives stated and relevance to the course content.80.4% students are satisfied with the internal evaluation system as it exists regarding syllabus and evaluation scheme designed for each of the course. 74.5% students states that the courses in terms of extra learning or self learning considering the design of the courses.68.6 % students states that the course/syllabus has good balance between theory and application. 81.8% students states that course/syllabus of this subject increased my knowledge and perspective in the subject area. 70.6% students are satisfied with the size of syllabus in terms of load on the student.72.5 % students gives the overall rating for this curriculum is good.

### **Computer Science**

73.1 % students stated that the depth of the course content is adequate in relation to the expected course outcomes whereas 26.9 % students have given average response. Approximate 73.1 % students responded that the syllabus of the subject is career oriented whereas 26.9 % students responded average satisfaction level. 80.8 % students are strongly agree that the objectives stated and relevance to the course content. 81% students are satisfied with the internal evaluation system as it exists regarding syllabus. 80% students are satisfied with the evaluation scheme designed for each of the course. 81.5% students are strongly agree, the course/syllabus has good balance between theory and application. 84.6 % student's opinion is that the course/syllabus of this subject increased my knowledge and perspective in the subject area. The size of syllabus in terms of load on the student is excellent said by 76.9%. Approximately 88.5% students furnish overall rating given by you for this curriculum is fine.

### **Marathi**

71.6 % of students of Marathi department say that the depth of the course content is adequate in relation to the expected Course Outcomes. 70.6 % students believe that the syllabus is career oriented. 77.1 % students consider that the objectives stated and relevance to the course content. 84.4 % students said that the evaluation scheme designed for this the course is very good. More than 72% students believe that the courses in terms of extra learning or self learning considering

the design of the courses is excellent. The syllabus has good balance between theory and application said by 75.2% students. 77.1 % student's faith that the course/syllabus of this subject increased knowledge and perspective in the subject area. 73.4 % students strongly agree that the size of syllabus in terms of load on the student is satisfied. 72.5 % student's gives excellent rating to overall syllabus.

### **Hindi**

From the feedback taken from the students, it is observed that approximate 69 % students reported that the depth of the course content is adequate to the expected course outcomes. Approximate 66.7 % students responded that the syllabus of the subject is career oriented. The objectives stated and relevance to the course content is excellent said by 69 % students. The internal as well as external (University exam) the evaluation scheme designed for the course is excellent. 71.4 % students said that the courses in terms of extra learning or self learning considering the design of the courses is very good. According to 67.9 % students the course / syllabus has good balance between theory and application. 68.2 % students consider that the course/syllabus of this subject increased their knowledge and perspective in the subject area. 69% students said that the size of syllabus in terms of load on the student is good. 67.9 % students give excellent grade for overall rating for this curriculum.

### **English**

Approximate 77.1 % students stated that the depth of the course content is adequate in relation to the expected course outcomes. Approximate 70 % students responded that the syllabus of the subject is career oriented. 71.4 % the objectives stated and relevance to the course content. 70 % students are satisfied with the internal evaluation system as it exists regarding syllabus. 68.6 % students states that the courses in terms of extra learning or self learning considering the design of the courses. 70 % students states that the course/syllabus has good balance between theory and application. 71.4 % students states that course/syllabus of this subject increased my knowledge and perspective in the subject area. 70 % students are satisfied with the size of syllabus in terms of load on the student. 85.7% students gives the overall rating for this curriculum is good.

### **Political Science**

69.8 % students stated that the depth of the course content is adequate in relation to the expected course outcomes whereas 30.2 % students have given average response. Approximate 74.4 % students responded that the syllabus of the subject is career oriented whereas 25.5 % students responded average satisfaction level. 76.7 % students are strongly agree that the objectives stated and relevance to the course content. 79.1 % students are satisfied the internal evaluation system as it exists regarding syllabus and with the evaluation scheme designed for each of the course. 74.4 students are strongly agree, the course/syllabus has good balance between theory and application. 79.1 % student's opinion is that the course/syllabus of this subject increased my knowledge and perspective in the subject area. The size of syllabus in terms of load on the student is 83.7%. 86 % students furnish overall rating given by you for this curriculum is fine.

### **History**

78.2 % of students of history department say that the depth of the course content is adequate in relation to the expected Course Outcomes. 70.9 % students believe that the syllabus is career oriented. 74.5 % students consider that the objectives stated and relevance to the course content. 78.2 % students said that the evaluation scheme designed for this the course is very good. More than 74.5 % students believe that the courses in terms of extra learning or self learning considering the design of the courses is excellent. The syllabus has good balance between theory and application said by 72.7 % student's 80 % student's faith that the course/syllabus of this subject increased knowledge and perspective in the subject area. 80% students strongly agree that the size of syllabus in terms of load on the student is satisfied. 76.4 % student's gives excellent rating to overall syllabus.

### **Geography**

From the feedback taken from the students, it is observed that approximate 80 % students reported that the depth of the course content is adequate to the expected course outcomes. Approximate 77.8 % students responded that the syllabus of the subject is career oriented. The objectives stated and relevance to the course content are excellent said by 84.4 % students. The internal as well as external (University exam) the evaluation scheme designed for the course is excellent. 77.8% students said that the courses in terms of extra learning or self learning

considering the design of the courses is very good. According to 75.6% students the course / syllabus has good balance between theory and application. 80 % students consider that the course/syllabus of this subject increased their knowledge and perspective in the subject area. 86.7 % students said that the size of syllabus in terms of load on the student is good. 80% students give excellent grade for overall rating for this curriculum.

### **Economics**

Approximate 75.8 % students stated that the depth of the course content is adequate in relation to the expected course outcomes. Approximate 72.6% students responded that the syllabus of the subject is career oriented. 71 % the objectives stated and relevance to the course content. 77.4% students are satisfied with the internal evaluation system as it exists regarding syllabus. 75.8% students states that the courses in terms of extra learning or self learning considering the design of the courses. 72.6% students states that the course/syllabus has good balance between theory and application. 69.4% students states that course/syllabus of this subject increased my knowledge and perspective in the subject area. 71% students are satisfied with the size of syllabus in terms of load on the student. 72.6% students gives the overall rating for this curriculum is good.

### **Defense study**

66.7 % students stated that the depth of the course content is adequate in relation to the expected course outcomes whereas 33.3 % students have given average response. Approximate 76.2 % students responded that the syllabus of the subject is career oriented whereas 23.8% students responded average satisfaction level. 78.6% students are strongly agree that the objectives stated and relevance to the course content. 70% the internal evaluation system as it exists regarding syllabus is satisfied. 81% students are satisfied with the evaluation scheme designed for each of the course. 73.8% students are strongly agree, the course/syllabus has good balance between theory and application. 71.4 % student's opinion is that the course/syllabus of this subject increased my knowledge and perspective in the subject area. The size of syllabus in terms of load on the student is 81%. 71.4% students furnish overall rating given by you for this curriculum is fine.

## Commerce

71.9 % of students of chemistry department say that the depth of the course content is adequate in relation to the expected Course Outcomes. 78.9% students believe that the syllabus is career oriented. 80.7 % students consider that the objectives stated and relevance to the course content. 73.7 % students said that the evaluation scheme designed for this the course is very good. More than 82% students believe that the courses in terms of extra learning or self learning considering the design of the courses is excellent. The syllabus has good balance between theory and application said by 70.2% students. 73.7 % student's faith that the course/syllabus of this subject increased knowledge and perspective in the subject area. 75.4% students strongly agree that the size of syllabus in terms of load on the student is satisfied. 75.4% students' gives excellent rating to overall syllabus.

### Parents Feedback Analysis:

93% of parents stated that the quality & relevance of the course included in semester curriculum is excellent & fair. 91% of parents stated that the faculty treatment to the students is excellent irrespective of the gender, cast, and community creed. 89% of parents stated that the ambience of the college is good for delivery of the academic programs. 91% of respondents stated excellent & fair for the courses relevance in future technology. 96% of parents respondent are positively stated that the teaching quality in college is excellent & fair. 87% of respondents stated that excellent & fair for evaluation transparency where as near about 13% respondents were evaluated poor rating for evaluation transparency. 92% of the parents respondents agreed that the ward has achieved good outcome from curriculum.

### Alumni Feedback Analysis:

89% of the respondents agreed that the teaching facility & College is excellent. Near about 86% of respondents were satisfied from laboratory facility. 73% of respondents stated that extension services were excellent where as nearly 72% of respondents agreed that the co curricular activities were excellent. 74% of respondents stated that the library service of college is excellent. More than 79% of respondents are agreed that the curriculum learn by them is excellent.

### Teachers Feedback on curriculum:

Near about 98% teachers said that the syllabus is suitable to the course and it is need based. Approximately 60% teachers are strongly agreed as well as 40% teachers are agreeing with aims and objectives of the syllabi are well defined and clear to teachers and students. Nearly 94% teachers consider that course content is followed by corresponding reference materials. 94% teachers are agree that the course/syllabus has good balance between theory and application. 66% teachers are strongly agreed as well as 34% teacher is agreeing that the course/syllabus has made them interested in the subject area. All teachers are agree with the statement that course/syllabus of the subject increased their knowledge and perspective in the subject area. All teachers are having the same opinion Tests and examinations are conducted well in time with proper coverage of all units in the syllabus.
