2020-21

BEST PRACTICE: 2

1: Title of the Practice: Dedication to national service during the epidemic.

2: Objectives:

- To co-operate with the Covid Care Centre in the college and the needy.
- To provide proper counselling and guidance to the needy in times of epidemic.
- To provide guidance to the society on the precautions to be taken during an epidemic.
- Provide information and advice to relatives about the patient at the college's Covid Care Centre.
- Helping relatives to get the medicine, blood, transportation and other help the patient needs.

3 .The context:

The Covid crisis is a war with rivals in whom the rival is exactly how? how to end it? How to defeat him? Not knowing this, there was an atmosphere of uncertainty and helplessness everywhere. That's it in the time of the epidemic, when sad dark shadows were spreading everywhere, every member of our college made his invaluable contribution to the cause of the nation by working towards fireflies.

4. The Practice:

During the transition period of Covid 19, Covid care centre was set up by the government for the patients of Dharangaon taluka in the hostel of our college. The centre had a capacity of about 100 patients but due to the large number of

patients, more than 100 patients were undergoing treatment at the centre. By the order of Hon'ble Collector, the college starts with 50% attendance, so the staffs were present in the college. Proper counselling of the relatives of the patients, informing them about the health condition of their patients, many people would have come from out of town, besides arranging their food and drink as everything was closed. The admirable and proud national work done by every component of the college was to help in the transportation of the patients, to give patience to the relatives of the patients by giving them proper guidance, to motivate the people to undergo covid test, to create awareness for disinfection, self distance and masks.

5. Evidence of Success: All the photographs taken during this practice are provided as evidence.

6. Problem Encountered:

Protecting yourself from infection while being with patients during Corona's transition was a huge challenge.
