4. ICT/computing skills

Smart and Virtual class room based teaching-learning environment

The college has developed-

- ICT enables Classrooms,
- ICT enabled laboratories.

Teachers are now regularly scheduling classes in these rooms to teach in a virtual environment. Apart from these facilities all the departments have Internet connectivity through LAN and Wi-Fi, LCD Projectors and sound system

Wi-Fi enabled Campus and facilities

The complete campus enabled with WI-FI. All the stakeholders including students, faculties, Officers and Non-teaching staff are now using the WI-FI facility throughout the campus. The secured WI-FI infrastructure has been developed using the International brand premium product lines.

Computing Skills

Many students acquire basic skills in high school so that they know how to operate a computer. In addition, students learn skills such as sending emails, conducting Internet research, creating word processing documents and creating presentations. These basic computer skills help students to achieve success in college when they are utilized for processing and presenting information.

Department of computer science provides adequate help to enhance and create the computing skills of all faculty students. Also Department of computer science helps the students for online admission, to fill application form of competitive examination, scholarships and also helps to prepare and format of research projects for *Avishkar*.

Department of Computer Science, Commerce and Student development jointly organized add on certificates courses on Basic computer course and Quick tally course to develop ICT and computing skills among the students.
