Green Audit Report 2016-21

Audit Conducted By: Department of Botany, Zoology, Environment & Chemistry ACS College, Dharangaon.

Green audit of ACS College for the academic year 2021-22 was carried out by Department of Botany, Zoology, Environment & Chemistry of the college. In this green audit, biodiversity of the college was assessed. We used trees, birds and butterfly as surrogate of biodiversity of the college. The audit was performed during June 2021 to March 2022 and field data was collected from college by inspecting college campus.

On the basis of field survey, following observations are made.

- ❖ 60% of the total area in the college campus is covered with small and big plants. A variety of plants can be seen throughout the year along with large trees in the whole area.
- ❖ Large trees mainly include teak, limb, gulmohar, shirish, maharukh and sulabhul, while fruit trees include chinch, bor, chiku, lemon, jamun and custard apple.
- ❖ Total 22 tree species are recorded in college campus
- ❖ For the last five years, the college has been participating in the Forest Festival organized by the Government of Maharashtra in the month of July every year. Through this, important trees like Wad, Pimpal, Kadamba, Neem & Mango are planted along with other trees every year and they are taken care of regularly.
- ❖ Along with regular trees, ornamental trees like Madhumalati, Chafa, Jaswant, Sadafuli have also been planted in the college premises for beautification.
