AQAR of 2018-2019 submitted on 24/02/2021

AQAR Summary- 2018-19

In the year 2018-2019 as per the AQAR submitted to NAAC important points are as follows. Three among all our teaching staff successfully completed and awarded PhD degree. Among the teaching staff, which are already PhD holders have taken guide recognition of doctorate. As UGC banned the dissections in zoology department, we have purchased DIGI-frog software from Bureau for Health and Education Status Upliftment, New Delhi. Each time we inform students about various activities and the events through college noticeboard and updated website about academic calendar, probable teaching days, dates of internal examinations, curricular, extension related and co-curricular activities and pre-work at departmental level. Our principal every year call meeting on first and last day of semester for planning and noting the completed and uncompleted work of our college respectively. Our university have fully adopted semester system in theory as well as practical internal and external examinations. The pattern of marking is also uniform, which is 60-40 along all subjects in theory as well as practical's. Teaching staff of each subject every year upload the marks of students in ADES software launched universally by university for all its collages. This provides convenience for downloading performance ledger and all related reports for publishing results. According to the university directives in the continuous assessment of students we conduct test-1 and test-2 of internal exam and publish its result on college noticeboard for the full transparency in assessing the students. Difficulty if any raised by the students in internal examination, we solve it at college level.

AQAR Summary- 2019-20

In the annual quality assurance report of 2019-2020 it has been seen that college has taken many quality initiatives such as sending our eligible students in sports tournaments, purchasing books for library, purchasing blackboards for classrooms etc. As per Maharashtra public universities act 2016 paragraph 97 our college have constituted College Development Committee (CDC) on 05-03-2018. Another side of this initiative is our staffs become well versed in using computers and its application software. Our college is affiliated to Kavayitri Bahinabai Chaudhari north Maharashtra University, Jalgaon. Few teachers of our college are part of board of studies and academic councils of the university. Many of our teaching staff takes active part in syllabus framing workshops. According to new UGC norms our zoology department has stopped purchasing animals for dissections, thereby contributing conservation of fauna. According to university directives we prepare academic calendar every year so as to inform the yearly plan to all our stake holders. Our all teaching staff every year prepare teaching plan, faculty timetable, departmental timetable and individual teacher's timetable and workload for the information of Joint Director Higher Education, Jalgaon (JDHE JAL).
