Group Discussion

REPORT OF GROUP DISCUSSION

Group Discussion or **GD** is a type of discussion that involves people sharing ideas or activities. People in the group discussion are connected with one basic idea. Based on that idea, everyone in the group represents his/her perspective.

Group Discussion is used to test the soft skills of the candidates. It is used as a quick method to shortlist a few candidates from the massive strength. The written exam tests the knowledge and aptitude. Our team checks the social skills, technical, and communication skills so that a candidate can work effectively without any obstacle in between his/her skills.
